

MARYHILL  
ESTATE  
HOTEL — RESORT

# About Maryhill

*A Luscious escape, with nostalgic experiences.*

*Welcome to the one resort, with two intimate destinations. Placed in the countryside of Skåne, Sweden. Created by ESS Group. ESS Group is well known for producing memorable, stylish, and all-you-need hotel and resort destinations in Sweden, Norway, and Denmark.*

*ESS Group has gained a positive reputation by prioritizing the guests and building personalized destinations where creating unforgettable experiences, well-thought-out food concepts, and quality stays is the focus.*

*Some of our recent destinations are Hotel Pigalle, Ellery Beach House, Steam Hotel, Fyri Resort, Marienlyst and Jacy's Hotel & Resort.*

*Maryhill's more exact location is Glumslöv, just 30 minutes from the city Malmö and one hour from Denmark's capital Copenhagen. The opening is autumn 2024. The resort has two separate buildings. The Hill house represents the castle which some people remember as, "Örenäs Slott". But the name Maryhill has in fact already existed in the past. The other part, The Sugar Club also refers to the place's rich history. With that being said, we use the history and just put new meaning to it.*

*Here, people come with the desire to escape the city while still wanting to experience its charms. Upon arrival, the ambiance is classy, charming, and visually pleasing. With a touch of old-school elegance, you can enjoy champagne with a unique twist.*

*The interior design has a feminine touch, and you'll encounter floral patterns throughout.*

*When it comes to culinary experiences, Maryhill offers something extraordinary. The Sugar Club presents a generous Mediterranean dining experience, infused with authentic flavors and influences from Greece and Italy. The charismatic and warm service will make guests feel right at home.*

*The colorful and vibrant dishes set the tone for a relaxed and enjoyable dinner.*

*In contrast, Hill House caters to those with bigger appetites. It offers a flirtatious experience, inspired by the roaring twenties, with memorable French-American cuisine. Not to forget about "Ålabodarnas hamnkrog" which location is upfront the ocean. Serving classic dishes from, take a guess? The sea. The breathtaking view of the ocean adds to the flavors.*

*For recreational activities, there's no shortage of options. Paddle, tennis, and boule courts are available for those looking to blow off some steam, while relaxation can be found on one of the 126 sunbeds. And if it gets too hot, you have a choice of four refreshing pools to cool off in. Don't forget to take a moment to inhale the fresh air in the chef's garden, located just by the castle. Overall, no matter who you are, at this estate you will find complete satisfaction.*

*Maryhill, with its picturesque hillside location, makes it the perfect venue for tying the knot, as the saying goes. The architectural buildings are strategically placed on the hill, providing a sense of being one with the world. With the sea, serving as the heart of it all. With its rich history filled with love, Maryhill gives a feeling of everlasting moments.*

*As you depart, you're already looking forward to your next visit, whether it be for leisure or attending a conference. Maryhill is the ideal destination for anyone, at any time - a place where weddings, celebrations, and reconnections with loved ones thrive. With plenty of cest la vie vibes.*
